INDUSTRIAL ESSENTIALS.

An extensive sourcing portfolio aligned with industrial operations, maintenance and project requirements.

MECHANICAL EQUIPMENT

- Industrial Pumps
- Motors & Gearboxes
- Couplings
- Compressors
- Fans & Blowers
- Cooling Equipment

ELECTRICAL EQUIPMENT

- Transformers
- LT/HT Switchgear
- MCC & Control Panels
- Cables & Accessories
- Drives & Starters
- Lighting & Control Components

BOILER & THERMAL COMPONENTS

- Boiler Tubes
- Boiler Pressure Parts
- Economiser & Superheater Coils
- Headers & Manifolds
- Heat Exchangers
- Refractory & Insulation

PIPING & FLOW CONTROL

- CS/SS Pipes
- Pipe Fittings & Flanges
- Industrial Valves
- Gaskets & Seals
- Strainers
- Flow-Control Accessories

MAINTENANCE SPARES

- Bearings
- Mechanical Seals
- Filters
- Belts & Couplings

TYPICAL WORK AREAS

MECHANICAL WORKS
Equipment installation, piping, fabrication and associated mechanical assignments.

ELECTRICAL WORKS
Cabling, panels, equipment installation and defined electrical works.

BOILER & THERMAL SYSTEMS
Scope-specific boiler and thermal work through suitable specialists.

AUXILIARY SYSTEMS
Industrial utility systems and supporting equipment installations.

SHUTDOWN & MAINTENANCE
Shutdown-related supply and site work as defined by customer requirements.

CUSTOMER-SPECIFIC PROJECTS
Industrial assignments aligned with agreed scope and available capabilities.

FROM DEFINED SCOPE TO PROJECT EXECUTION

Combining industrial supply, specialist collaboration and coordinated site execution to fulfil agreed project requirements.

SERVING INDUSTRY.
EXPLORING OPPORTUNITY.

PSSPL serves customers in power, steel and cement industries through industrial supply and customer-specific project work, while exploring opportunities across additional industrial sectors.
